

# Important Events

## Wednesday 12th February – Village Hall 7.30 (bar opens 6.30)

Residents Meeting – Meet your neighbours, talk to the Parish Council and Traffic Committee, ask questions and share your views about the placemaking and traffic calming proposals for the village.

Details about the scheme will be given at placemaking engagement sessions on

## Monday 3rd February 3.00pm – 8.00pm & Wednesday 5<sup>th</sup> February 11.00am-3.00pm

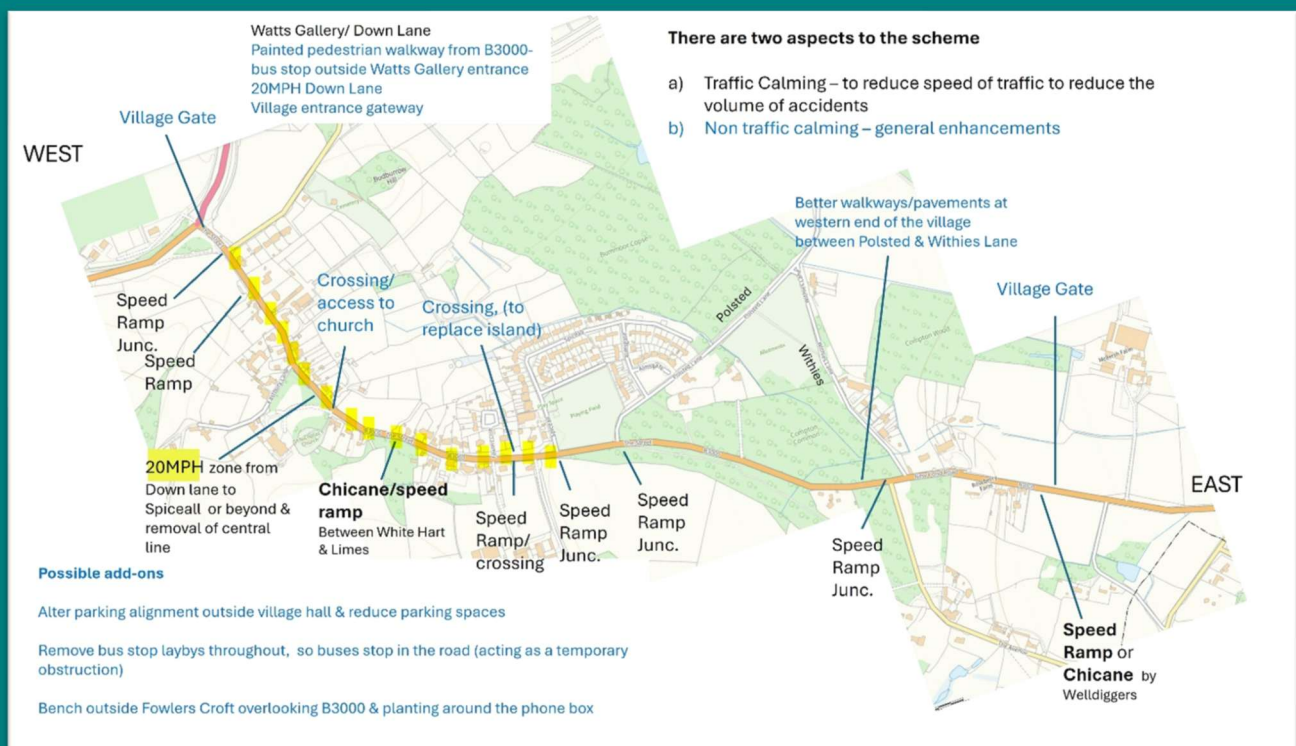

where you can view the plans and ask questions (feedback at this stage is not obligatory but will be encouraged online after these events). Formal plans will be published after this event on [www.comptonvillage.commonplace.is](http://www.comptonvillage.commonplace.is)

## Background Information

Surveys show that residents consider the village a beautiful, scenic place to live, with a wonderful community. A major negative is the traffic and its impact on our lives, i.e. accidents, noise, access difficulties, pollution, vibrations, and property damage.

In 2024, £400k was set aside by Surrey County Council (SCC) for improvements; a well-fought campaign for average speed cameras (which continues) has been dismissed by SCC in favour of the scheme below. See [www.cameras4compton.com](http://www.cameras4compton.com) for further information, including video footage.

This unofficial mock-up shows approximately what to expect if all the components are included.

What do you think should happen now? Will the scheme be beneficial?

After these events, the window for online feedback will be open for 1 month ONLY

We look forward to seeing you at the village meeting on xxx and please do attend one of the sessions on 3<sup>rd</sup> or 5<sup>th</sup> February to see the actual plans for yourself.
